“Think of 2020 as a most challenging year, which you rose to and learned a lot about yourself! How did you handle challenges? And remember to be grateful when we can go out to eat or go to a movie”. Douglas Goldsmith, expert on treatment of trauma in children, speaker at PPI conference a few years ago.

7 Super Things Parents & Caregivers Can Do

1. Talk often with your children from the day they are born.
2. Hug them, hold them, and respond to their needs and interests.
3. Listen carefully as your children communicate with you.
4. Read aloud to your children every day, even when they are babies. Play and sing with them often.
5. Say "yes" and "I love you" as much as you say "no" and "don't."
6. Ensure a safe, orderly, and predictable environment, wherever they are.
7. Set limits on their behavior and discipline them calmly, not harshly.
